The Witch and the Spider – Lambert Puppet Theatre

A very wicked witch (who's a bit silly) from Wobbly Woods sets out to find ingredients for one of her dastardly potions, feather of fox, squeak of mouse, leg of worm! She embarks on this grisly mission with the help of her sidekick Crawley the Spider- “what likes all things creepy”! But no sooner has she collected her first sparrows tooth ingredient that she realizes she has the cunning Woodland folk to contend with!

In this special show for Halloween puppeteer, Anne Fitzpatrick performs a delightful interactive puppet show featuring some (slightly) scary things that creek cackle and crawl! Audience-participation throughout. A must see for all the family.

Directed by Conor Lambert
